Chicago, Feb. 28.—On a death has already resulted from the election here today. Arthur Quinn, 21, a deputy sheriff and a Harrison worker, was shot through the leg by an anti-Harrison man. Quinn rose to his feet and shot his assailant dead. The dead man is thought to be Richard Clark a private detective, but the identification is not positive.

Chicago, Feb. 28.—With the opening of the polls today for the first direct primaries for the nomination of city officers of Chicago, there closed the most picturesque and bitter municipal campaign ever waged in the Windy City.

Though each of the eight old line party candidates for the majority nomination has declared unequivocally for honesty in government and the construction of subways, the candidates have combined to make this campaign one of billingsgate, in which the personal and political record of every other candidate has been assailed in terms of vituperation rarely recalled in American politics.

Apart from the mudslinging, the campaign has been the means of demonstrating a new method of electioneering—that of adopting advertising schemes on a scale unparalleled in the nation. Every spare billboard in Chicago—a city of billboards—has been taken by the campaign managers. It is estimated that more than \$250,000 has been expended in securing billboard space and in printing the immense 20 foot poster cartoons that have been used by the various candidates. Electric signs of the most costly type have been erected in every section of the city and a small fortune has been expended in costly banners. Newspaper advertising has been indulged in by every one of the candidates, while expensive books and pamphlets have been thrown broadcast.

There are 292,000 registered voters in Chicago. Under the recently enacted direct primary law, workers are allowed two hours to go to the polls on primary day. As a result the campaign managers believe that between 225,000 and 275,000 votes will be cast today.

The unanimous demand of Chicago newspapers to know "Who's putting up" aroused public sentiment to such a pitch that nearly all the candidates were forced to make public their entire list of campaign contributions and expenditures.

James O'Leary, the "handbook king," who will bet on more different propositions than Lloyd's of London, has figured it out that the Democrats cannot lose in the election of April 4th. He has wagered immense sums on that.

NEW YORK CORRESPONDENT SENDS A LIBEL ON NEWARK BROADCAST OVER COUNTRY

The following dispatch from New York was published in yesterday's Mansfield, Ohio, Shield as well as in other papers throughout the country:

"New York, Feb. 27.—After an eight-year search of Italy, the United States and South America, Romeo Magnotti, charged with the murder of Pietro Coriallo at Redbank, Staten Island, was landed at police headquarters today by Detective Considine. Magnotti was arrested last week in Newark, O., and Considine had to call on the police to protect him and his prisoner until they started for New York. Magnotti was positively identified today."

The publication of the foregoing dispatch is a libel on Newark. The assertion that "Considine had to call upon the police to protect him and his prisoner until they started for New York," is without the slightest foundation. The thought of violence or resistance was never dreamed of. The prisoner himself offered to return to New York with Officer Considine, and did return without requisition papers. The prisoner even went so far as to tell Probate Judge Robbins Hunter that he did not wish to prosecute habeas corpus proceedings, upon which writ he had come before that court. These proceedings were held at 9 o'clock Saturday morning and at Magnotti's request were dismissed and he returned to New York at 1:55 that afternoon, with Officer Considine, and at the station the officer gave a final expression that he had never been to a city before in which he had received such uniformly courteous treatment, not only by the police, but by the citizens whom he had met.

Why any newspaper should be so imposed upon by an unscrupulous correspondent or press association, passes understanding. Newark resents this insult and the Mansfield Shield and other papers which have innocently published this misrepresentation of the facts are respectfully requested to print a statement that will correct the false impression that exists.

INTERURBAN CARS CRASH NEAR BLACK HAND TUNNEL AND SEVERAL PEOPLE HURT

One of the worst accidents that has occurred on the Columbus, Newark and Zanesville division of the Ohio Electric railway for some time was that which occurred Tuesday morning in a rear end collision at the big tunnel near Black Hand, about ten miles east of Newark, in which several passengers were painfully injured and a number of others were badly shaken up.

Interurban car No. 162, which was in charge of Motorman Crane and Conductor Blackwell, and which is due in Newark at 10:20 a. m., was coming east at its usual rate of speed and was just rounding the curve near the big tunnel west of Black Hand, when the trolley came off and the crew was engaged in getting it on again, when the freight car which was in charge of Motorman Atherton and Conductor Miller shot around the curve, and before the motorman could succeed in bringing the car to a stop it crashed into the rear end of the passenger.

There were about 29 passengers on the passenger car and when the freight car struck it they were thrown promiscuously over the car and all were badly shaken up.

Upon examination it was found that one woman from Zanesville had sustained a sprained ankle, that John Miller, a B. & O. conductor, had one of his legs badly bruised and a woman from Hanover had her shoulder injured.

The injured were brought to Newark on the next car, where their hurts were given attention.

Traffic on the road was only delayed about thirty minutes.

The damaged cars were brought to Newark and taken to the shops.

FIGHT IS STILL ON IN SENATE

Members Talked all Night and Recessed This Morning

FLIGHTS OF ORATORY

Indulged in by Senators Who Would Prevent Vote On Lorimer Case.

LOG OF SENATE FILLBUSTER.

Purpose: To prevent vote on Lorimer case, as Lorimer now has a majority.

Session began at noon Monday, continued until 8:07 a. m. Tuesday, 29 hours and 7 minutes.

Recess taken until 11 a. m. Tuesday, when filibuster resumed.

Crawford (Rep., S. D.) spoke two hours Monday afternoon and eight hours at night.

Bristow (Rep., Kansas) relieved Crawford at 6:20 a. m. and held floor until recess.

(Bulletin.)

Washington, Feb. 28.—At 8 o'clock today the Lorimer filibuster was still on in the senate, after a session of 20 hours. Senator Bristow (Rep. Kas.) at 6:50 a. m. relieved Senator Crawford (Rep. S. D.) who had spoken nearly all night.

At 8:07 a. m. upon the appeal of Bailey (Dem. Tex.) who had been forcing the situation on behalf of Lorimer, the senate took a recess until 11 o'clock.

Washington, Feb. 28.—Ghosts of Browne and Linke, Beckmeier, Luke and Holtzlaw, Ills., bribe takers, and scoundrels according to opponents of Senator Lorimer, walked the senate stage through all the weary hours of last night. Indications today were that the performance would continue until the endurance of one of the strongest filibustering machines ever seen in Washington is broken or the hour of final adjournment arrives at noon Saturday.

Enlisted in the fight, designed to prevent a vote upon the Beveridge resolution declaring the seat of William Lorimer of Illinois vacant, because Lorimer is known to have a majority of the senate in his favor, were: Cummins (Rep., Ia.), Bristow (Rep., Kas.), Crawford (Rep., S. D.), La Follette (Rep., Wis.), Beveridge (Rep., Ind.), Stone (Dem., Mo.), Owen (Dem., Okla.), and several others.

Out of the tangled situation a new figure has arisen, the tall, swarthy, rough-bearded figure of Senator C. L. Crawford of South Dakota, heretofore unrecognized in Washington as a man of force. It was the first time that Crawford had "let loose." Crawford spoke with great vigor for two hours yesterday and then held the floor from 10:15 p. m. to 6:20 a. m. Shortly after 6 a. m. Bailey (Dem.) moved to adjourn until noon. Crawford protested, "I want to finish my speech," he said.

"Well, you can talk until noon then," said Bailey impatiently.

Crawford, by that time, had drifted into the field of reciprocity, and he continued to lecture the horrors to be visited upon the farmers, if the agreement with Canada should go into effect. Ten minutes later however he

BRIDE AND GROOM WERE SACRIFICED TO WOLVES PURSUING WEDDING PARTY

Vienna, Feb. 28.—One hundred and eighteen members of a wedding party of 120, including the bride and bridegroom were devoured by wolves while traveling by sleds from Obstipoff to Tashkend, in Asiatic Russia, a distance of twenty miles.

Today's Zeit declares that two survivors reached Tashkend in a half crazed condition, after having at the last stages of the journey thrown the bride and bridegroom to the ravenous pack of wolves.

These four occupied the same sledge. The survivors demanded that the husband abandon his wife, to lighten the sledge, but he refused. In their rage, the survivors threw both the husband and his wife from the sledge, thus appeasing the anger of the wolves until the sledge reached the edge of Tashkend.

The women and children of the party were the first to be thrown to the wolves. It is said the party started from Obstipoff in thirty two horse sledges and that a few miles out, hundreds of hungry wolves attacked them. The men shot many of the maddened animals, but could not check their pursuit. Then it was that the men in the party began sacrificing the women and children.

The wolves were so numerous and ravenous that even when a horse was pulled down it checked the pack for only a few seconds.

RESOLUTION IS DEFEATED FOR DIRECT ELECTION OF SENATORS BY THE PEOPLE

Washington, Feb. 28.—The resolution for election of senators by the people was defeated in the senate today by a vote of 54 for it to 32 against it, a two-thirds vote being necessary to pass it. Four more affirmative votes would have passed it.

Burton voted for the resolution and Dick voted against it. Senator Borah blamed the defeat of the resolution on the Sutherland amendment which was tacked onto it. He expressed confidence that the bill will pass at the extra session.

It is not definitely known that Governor Dix has any special man in mind, but he declared emphatically last night that he himself "is not a candidate for the senatorship, never has been and would not accept it under any circumstances."

Wm. A. Archer, head salesman for the Brilliant Company, met with a serious and painful accident this morning when an explosion of gas burned his arms and face seriously.

Mr. Archer was at his home in Columbia street and was endeavoring to make a gas connection. He had the pipes fitted and sought to test them by lighting a match and running the flame around the pipe. The connection was imperfect and the escaping gas immediately ignited, causing an explosion which reared the face and arms of Mr. Archer. His clothing caught fire, but immediate assistance put it out and it is not thought the accident will cause any serious results.

The small blaze was extinguished without any damage being done to the furnishings of the house.

POMERENE TO RESIGN THURSDAY

Gov. Harmon Has Not Yet Named Successor to Lieut. Governor

SEVERAL CONSIDERED

New Senator Will Probably Appoint Member of Legislature As His Secretary.

Columbus, O., Feb. 28.—Lieutenant Governor Arlee Pomerene will, within 20 hours, tender his resignation to Governor Harmon, to take effect Thursday, and he will leave for Washington that evening. Yesterday upon his arrival from his home at Canton he had a long conference with the governor in the executive chambers.

The governor has selected his successor, who will be ready to take the oath on Friday morning, but he refuses to disclose his identity because of due regard for the amenities.

It is accepted as certain that the new lieutenant governor will not come from the ranks of the organization, as that association is now understood. This eliminates J. Sprigg McMahon of Dayton, who was under discussion. Being from the home city of Chairman E. W. Hanley and a close friend politically of that leader, there were some who believed that the governor would indicate by his selection a friendly spirit in that direction. Nor is it believed that former Senator Alfred M. Cohen of Cincinnati is under serious consideration. It would hardly do to have both the governor and the lieutenant governor from the same county.

The others who have been mentioned are former Senator Hugh Nichols of Clermont; Mayor Wallace D. Yapple of Chillicothe, and former Mayor Ed. H. Moore of Youngstown. The last named was here yesterday, arguing a case in the supreme court. He said he knew nothing of the report and that he had never discussed the matter in any form with the governor, a very significant utterance. Mr. Yapple's attitude has been variously stated, but the general belief is that he is not a candidate.

Sensor Nichols' relations to the governor are too well known to be explained. They are a part of the administration's history since the beginning of the second term. He has said that he is not a candidate, but never that he would not accept.

Mr. Pomerene, it is said, will have as a secretary a member of the present general assembly who made sacrifices in order to aid him into the senatorship. The trouble is that the gentleman does not want to resign at this time because of important legislation, and because there would not be enough time in which to elect a successor for his unrepresented county. The matter of his right to hold both positions is also under consideration. It may develop that Mr. Pomerene will await the end of the present session in order to name this legislator.

ARTHUR P. BLACK TO BE APPOINTED.

Columbus, Feb. 28.—Close friends of Pomerene today claim he will appoint Representative Black of Ashland as his private secretary.

TWO BANKRUPTCIES.

Marion, O., Feb. 28.—Charles Burris, jeweler and Dr. and Mrs. Francis M. Baldwin filed petitions in bankruptcy today. Burris' liabilities amount to \$21,450, with assets of \$21,000. The combined liabilities of Dr. Baldwin and his wife reach nearly \$37,000, with assets of \$25,100.

CONSTITUTION OF ARIZONA HAS BEEN RATIFIED BY VOTERS

Phoenix, Ariz., Feb. 28.—By an affirmative vote of 711 per cent of the total the proposed constitution of Arizona was ratified at the recent election. The official canvass was completed today. This shows that out of the total of 16,000 votes cast, 12,137 were in favor of the constitution, with 3822 against it.

IN SOCIAL CIRCLES

Tomorrow, Wednesday inaugurates the Lenten season and for a period of thirty days the festivities of the social world will be put aside for the greatest number and the time will be given over to church events alone to a great extent. Many of the card clubs discontinued meetings during this time and the past few weeks have seen many functions crowded in to avoid conflict with the approaching days of penance. All the literary club will hold the regular meeting, but many that have served a refectory will do away with this and the guests of these clubs will not number many.

The social world goes into seclusion during these days, some for the real merit the idea conveys, while to others

Some Women We Ought to Know

Margaret Godolphin and All Unworldly Women.

IN the "Hall of Fame for Women," as the one hundred or more stained glass windows to the memory of good women in the new cathedral at Liverpool have been called, is one to Margaret Godolphin and all women who have kept themselves unspotted in a corrupt world.

Few, perhaps, have heard of the name of Margaret Godolphin, and many an American tourist as he stands and admires this beautiful window will wonder what it was that she did that she should be thus remembered. Yet part of the heritage of purity that is ours today results, no doubt, from the courageous stand this little lady took three hundred and more years ago in the dissolute days of Charles the Second of England.

For it was a courageous stand. How many women would take it today, if surrounded as she was by pleasure and wealth and all the allurement of a life of frivolity and ease? She was brought up, one might say, close to royalty. She knew and was part of the fashionable and luxurious life of her times, for she was popular and beautiful. She was no wall-flower. It was not a case of sour grapes when she turned from it. She was maid of honor to the Duchess of York, and later maid of honor to the queen. And after she had retired from court life, so popular was she that she was sent for and finally induced to return for a brief while that she might take the leading part in a play that was to be given by the court. She was cast for the principal character, and, the old chroniclers say, was covered with jewels and won great admiration. Without doubt she was a belle.

But she cared little for all this. She had a heart and mind above it. She retired from court to live at Hereford under the direction of a spiritual father. Among her friends was Evelyn, the writer. In fact, the two made a pact in writing of inviolable friendship, and Evelyn tells of her beauty, talents, deep religious convictions, nobility of character and purity of life. And all this, mind you, in the reckless days of the Restoration in England, when Charles the Second was giving the court of England a name for prodigality unequalled before or since.

Can't you picture her? Young, beautiful, popular, yet with so pure a heart and so big a brain that the idleness and frivolity of those about her simply disgusted her. She was too fine to pass her life this way, yet so pre-eminently kind and tactful was she, that she both kept her friends and won respect from all, even though she stood apart and refused to live the idle, useless life of those about her.

She may not have been conscious that she was doing anything for the cause of purity in the ages to come. She undoubtedly was not thinking of the future. She was simply doing what she considered right from day to day. But such effort is never lost. Today, in the recognition given her life, right living gains a hundredfold impetus. And no one will gaze at that window and think of Margaret Godolphin and her life without receiving fresh inspiration and courage to stand by their ideals, no matter how adverse the conditions all about may be. And every fraction of weight thrown on the side of good helps to make this old world better.

meetings of friends but the festivities will be confined to only the smaller events and from now on until Easter Monday the social calendar will be a pretty near barren, but at that time plans are being laid for reopening the season in Newark with even greater fervor than before.

The Knights Templar gave the fifth and last dance of the present series at Assembly Hall on last evening. An unusually large number of dancers were present and the musical program was delightful. A supper of several courses was served in the balcony.

Among the dancers were: Messrs. and Mesdames M. J. Reese, A. B. Schauweker, Frank Felix, Frank Hirst, C. L. V. Holtz, Fred Sperry, Henry Pfeffer, George D. Orr, Hugh Oatman, H. H. Harris, J. L. Worth, F. M. Howard, E. F. Ball, F. W. Elliott, George Hermann, E. E. Moore, W. W. Davis, Ben B. Jones, A. W. Beard, W. C. Collins, William E. Miller, W. H. Mazey, U. O. Stevens, F. L. Beggs, G. E. Fox, Mrs. J. D. Elliott, Mrs. Frank Bolton.

Misses Marie Clouse, Valeria Pickering, Mary Englander, Alma Hilliard, Mabel Jones, Edna Wright, Maud James, Messrs. Henry Siegel, E. H. Metz, Warren Suter, J. V. Hilliard, Lee Moore, W. F. Upson, W. L. Sperry, Leonard H. Kelley.

The out of town guests were: Mr. and Mrs. C. B. Slack, F. S. Robinson, Miss Altje Cook and Mr. and Mrs. Thomas M. Kler of Granville, Mr. and Mrs. Thomas H. Watkins of Utica.

Announcement was made today by Mr. and Mrs. Nathan Frad of North Fourth street of the engagement of their daughter, Miss Anna Frad, to Mr. Samuel L. Segal of Chillicothe.

This is the first announcement of the engagement and on March 19 an announcement reception will be held at the Frad home in North Fourth street. The wedding will probably take place early in the month of May.

Miss Frad is a young woman of delightful personality and is extremely popular in the social circle in which she moves in this city. Mr. Segal is a young business man of Chillicothe and on the occasion of his visiting Newark has won for himself a large number of friends.

On the afternoon of March 27 The Investigators' club met at the home of Miss Anna Orr in Hudson avenue. After the roll call which was responded to with quotations from the works of English writers, the decision was made to postpone the literary part of the program to a future day and devote the afternoon to business pertaining to the Loan Exhibit which is to be given for the benefit of the public library.

The next meeting of the club will be held on March 6 at the home of Mrs. Livingston in Charles street.

On Monday afternoon the Travelers' club of Granville enjoyed a most pleasing program in the parlors of the Baptist church. The arrangements on the calendar follows:

American Art—Mrs. Hougham.
Ohio's Jewels—Mrs. C. Cook.
God give us men!—a time like this demands
Strong minds, great hearts, true faith, and ready hands;
Men, who the lust of office does not kill;
Men, whom the spoils of office cannot buy;
Men, who possess opinion and a will;
Men, who have honor.

—J. G. Holland.

The only guest of the club was Mrs. Phelps of Columbus.

In response to cards issued by Mrs. T. M. Jones and Mrs. Chris Hermann, reading for cards, several tables of players spent a delightful afternoon at the home of the former in East Main street on Monday.

The hostess selected euchre and the conclusion of the competition revealed that the souvenirs had been won by Mrs. J. H. Franklin and Mrs. Eliza Symons. A supper was then served.

The guests enjoying the afternoon were Mrs. Alda Scott, Mrs. Charles Wesson, Mrs. E. T. Rugg, Mrs. Clifford Sturgeon, Mrs. George Blood, Mrs. Eliza Symons, Mrs. J. H. Franklin, Mrs. George Hermann, Mrs. H. B. Anderson, Mrs. Ida Trace, Mrs. Charles Gillette, Mrs. Smith, Mrs. J. S. Beecher, Mrs. John Braddock, Mrs. Walter Ferguson, Miss Clara Scott, Miss Mary Hall and Miss Helen Blood. Mrs. John Foreman of Columbus was the only guest from out of the city.

Mr. and Mrs. R. A. Vernon at their home in the Craig building entertained with a dinner at four o'clock Sunday in honor of Mr. and Mrs. Clugston of Newark. Covers were laid for eight and a sumptuous three-course dinner was served. An enjoyable social evening followed the dinner.—Cambridge Exchange.

One of the most pleasant social events of the season was the birthday surprise given at the beautiful suburban home of Mr. and Mrs. C. M. Hilliard in Honover, O. It being the birthday anniversary of Mr. Hilleary and Mr. W. T. Rector.

Mrs. Hilleary and Mrs. Rector had carefully planned the surprise which proved to be a very agreeable one and a surprise too, it was. The house was beautifully decorated with flags. The evening was delightfully spent in music, both vocal and instrumental, and games. At 10:30 all were invited to the dining room where delicious refreshments were served to about 25 friends and relatives.

Those present were: Mr. and Mrs. Thomas G. Fleming, Mr. and Mrs. Charles P. Fleming, Mr. and Mrs. C. E. Earhart, Mr. and Mrs. John M. Rector and daughters Marie and Catherine, Mr. and Mrs. D. S. Criss, Mr. and Mrs. C. B. Cullison, Mr. and Mrs. W. F. Rector and daughter Frances, Mr. and Mrs. James Merriott, Rev. R.

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready-made for \$2.50. It keeps perfectly and tastes pleasant.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada, that it is often imitated. But the old, successful formula has never been equalled.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Veal Loaf.—Three pounds of finely chopped raw veal, three eggs, six crackers, rolled fine, two tablespoonfuls of cream, one heaping tablespoonful of salt, one tablespoonful of thyme, one tablespoonful of pepper. Mix well together and form into a loaf. Bake one hour and a quarter in a moderate oven, basting with two tablespoonfuls of butter.

Spice Pudding.—One cupful of molasses, one-half cupful of brown sugar, one-quarter of a cupful of butter, one cupful of stoned raisins, one-half of a teaspoonful of cloves, cinnamon and nutmeg and a small teaspoonful of soda dissolved in half a cupful of warm water; flour enough to make as stiff as common gingerbread. Put into a greased mold and stand the mold in a large kettle with not more than two inches of water in the bottom, just sufficient to keep up a large volume of steam, but not enough to come near the lid of the mold. A pudding boiled in this way is more delicate than when baked, but if you prefer to bake rather than steam it, have a xgrowme. tob.F tsrdliat hot oven and be very careful that it does not bake too long.

CUT GLASS AND CHINA.
Dainty pieces of china and sparkling gems of cut glass tastefully arranged bespeak a housewife's sense of the beautiful. The most essential factor in the care of chinaware and cut glass is freedom from dirt and grease, the enemies of brilliancy. Best results in this regard can be obtained by the use of Hewitt's Easy Task Soap. It loosens the dirt and cuts the grease, but does not scratch. Costs five cents and keeps things sparkling.

RAILWAYS IN SPAIN.

Their Methods Are Not Those of the Strenuous Life.

A Spanish railway seems an excellent place for a rest cure. "I remember," writes Mr. S. L. Bensusan, "when going on a short journey in Andalusia, the train that carried me stopped at a short junction. While we were at rest here, after some hours of travel at the rate of at least twelve miles an hour, the driver uncoupled his engine and proceeded down the line with it in the direction we were not to take.

"The passengers walked contentedly up and down, smoked countless cigarettes, ate oranges, resisted the importunities of beggars. At last I became uneasy and asked where the driver had gone. 'Pedro has run down the line on his engine to take a birthday gift to his mother, who lives over there,' explained the station master; 'he is indeed a good son and will not trust his parcel to the post. Spain is full of thieves.' And when the good son had come back from his mission he restored the engine to its proper position and we re-entered the train, which went on its journey after three-quarters of an hour's delay."—London Graphic.

be time enough then to put the bars

A common pleas court in Trumbull
county has sustained a ruling by At-
torney General Hogan who in deciding
that the census of 1910 instead of 1900
census is the basis on which salaries
of county officers shall be paid, ex-
pressed a contrary opinion to that of
his predecessor, ex-Attorney General
Denman, who ruled these officers
should be paid on the 1900 census. The
decision was given in the case of Sher-
iff Rose versus County Auditor Stone
of Trumbull county, who refused to
pay Rose on the basis of the 1910 cen-
sus and was sued. Evidently in At-
torney General Hogan the people elected
an attorney general who knows the
law.

More than one-tenth of all the stand-
ing timber in the United States is
owned by three companies, according
to Herbert Knox Smith, Commissioner
of Corporations. Four-fifths of all
the timber lands of the country are
now under private ownership, most of
it having passed from the ownership
of the government for \$1.25 an acre,
or having been bestowed without com-
pensation at all in the form of railroad
land grants. Just 1,862 persons hold
no less than \$8,579,000 acres, or an av-
erage of more than 46,000 acres each.
Surely this is a reason for a change
in the National administration.

Also Urges the Legislators to Use
Their Influence to Keep Commi-

Inventory of Property in Their
Care—Two Primary Measures.

BY C. S. GONGWER.

Columbus, O., Feb. 28.—(Special.)—
There will be a lot of work done in
the house during the coming week if
Speaker Vining is able to carry into
effect his plans in that regard.

During the recess Speaker Vining
called together a number of the Demo-
cratic members of the house who
had remained over in the city and
informed them that it was necessary
to get down to hard work.

He said that while he would not
ask that a caucus of the Democratic
members of the house be called, that
the word should be passed down the
line that the Democrats should get
together and work in harmony, with
a view to accomplishing something
instead of allowing the minority side
of the house to fill up the time with
useless debates and put off action
upon important party measures.

He also urged the members to use
their influence in committees on
which they were serving to keep
those committees working and have

County Representative From Tak-
ing a Very Active Part in the Pro-
ceeding of the House.

the bills reported out on the floor
and allow them to take their chances
there. He did not want bills killed
in committee unless it was apparent
that they were introduced for the
mere reason of delaying action upon
some more important measures.

The Smith 1 per cent tax limit bill
will go before the house in such
shape that there can be little objec-
tion to it—unless those who disap-
prove of it do not think the people
know what they want.

A five-year elective maximum tax
rate is the scheme on which the
state administration will stake the
practicability of the 1 per cent tax
limit bill. That feature was voted
into the bill, and Representative
Smith of Marion, chairman of the
committee and author of the bill, re-
ported the measure back to the
house.

Opposition to reporting the bill out
of committee was expected, but did
not materialize.

Adoption of the referendum amend-
ment served to allay much of the
opposition within the committee. One
objection had been that if the 10-mill
levy was so clearly deficient as to
require a special election to authorize
a higher levy in any year the same
condition would arise each year
thereafter, making necessary rate
elections annually.

By the amendment agreed on in
committee the people may vote a
higher rate which is to be in force
from one to five years, as the people
choose. There is no tax limit under
the bill to the elective maximum.
The people may vote to bankrupt
themselves or may refuse to permit
any excess of the 10-mill limit.

In addition to providing a budget
commission to apportion levies with-
in overlapping districts to keep the
aggregate rate within 10 mills, the
bill as introduced fixed special limits
for each taxing district—counties, 2
mills; townships, 1 mill; municipali-
ties, 4 mills; school districts, 5
mills—maximums which could not be
levied up to in all four classes of
districts and still keep within the 10-
mill total.

Under the referendum provided
these special limits may be disre-
garded by the people. After the
people authorize a higher maximum,
taxing officials may levy less, but not
more.

The original bill authorized the

rate limit to be exceeded by vote of
the people, but provided no machin-
ery for the referendum. This lack is
supplied by the amendment. If the
taxing officials estimate the regu-
lar rate will not produce what is
absolutely necessary, they are to pro-
pose a rate which will be ample and
submit the higher rate to the people,
who are to vote yes or no.

Each taxing district is to stand on
its own legs. There is no provision
for an election to raise the aggregate
rate and then divide the levy. If the
amount of the school levy, after ap-
portionment by the budget commis-
sion, is inadequate, the school board
may order an election for a higher
school rate irrespective of the con-
dition of the municipal and county
finances. Council in quest of funds
for city improvements and mainte-
nance may order an election, whether
or not the county commissioners
ask for popular warrant for a higher
levy for county purposes.

This may be done by special elec-
tion, unless the resolution is adopted
within 90 days of a regular election.
The committee also substituted the
prosecuting attorney for the probate
judge as member of the budget com-
mission, the other members being
the county auditor and county treas-
urer.

Two other bills will come up which
affect the primaries of the state un-
der the Bronson act. Mr. White of
Sandusky provides that it will be un-
necessary in the future to get peti-
tions signed by 2 per cent of the
electors of the county or political
division to run for office. Only 10
names of electors will be required
and the person signing the petition
will not have to declare that he de-
sires to vote for the person whose
petition he signs.

The bill of Mr. Crist of Delaware
provides against primaries in vil-
lages in the county where there is
no registration. The experience of
the last two years has shown that it
is next to impossible to fill the ticket
by this means. Candidates may be
selected under this bill in any man-
ner in which the party central com-
mittee of the subdivision may
determine.

Both the Ohio Shippers' association
and the telephone interest of the
state will oppose the Winters-Mc-
Guire utilities bill, and both will be
represented at the first hearing that
is to be given the bill before the
house committee on codes. The ship-
pers have no objection to the bill as
a whole, but they do not want the
state railroad commission to be made
a general utilities commission. The
shippers took the initiative and were
chiefly instrumental in securing the
passage of the act under which the
state railroad commission was cre-
ated, and the members of the organ-
ization believe that if the commis-
sion is able to attend to all the du-
ties assigned to it under the act it is
now operating with, it will have all
that it will be able to do.

During the next week there will
be a hearing upon the public utility
measure introduced by Mr. Winters
of Erie. There will also be hearings
upon the employers' liability bills in-
troduced by Mr. Thomas and Mr.
Black in the house. The senate labor
committee will join with the corpo-
rations and judiciary committees of
the house in this hearing. The house
judiciary bill will consider the ma-
jority bill returned by the state em-
ployers' liability commission. A long
fight is expected over these measures
unless some compromise can be
reached between labor and the em-
ployers.

A reform of much importance was
started by Representative Huber of
Defiance county, who introduced a
resolution in the house limiting de-
bate. If adopted, an author of a bill
will have 30 minutes for one speech
and 10 minutes for another; other
members being allowed 10 and 5 min-
utes for two speeches. No member
is to be allowed to talk more than
twice on any question, unless the
house consents. It will be difficult
to get the house to consent, for it has
become quite weary of the perform-
ances of a few members, who insist
on talking on every question.

Mr. Connaughton introduced auth-
orizing the bill which will require au-
thorities of all state institutions to make
inventory of the property which is
in their care once each year. This
bill has been turned down by two
Republican legislatures, but it is ex-
pected that it will be passed. The
idea back of the bill is to prevent
the extravagant waste which is be-
lieved to have existed in state de-
partments in the past few years.

The Crosser bill, providing for the
application of the principle of the
initiative and referendum to munic-
ipal legislation, is up toward the top
of the house calendar and will prob-
ably come up for action during the
present week. This is not considered
a party measure although the Dem-
ocratic platform declared for the
principle of the initiative and refer-
endum.

CAMELS

Originated in America. According to
Belief of Princeton University
Authority.

America has been designated as the
cradle of the camels by Prof. William
B. Scott of Princeton University in a
speech at a meeting of the American
Philosophical Society.
"Camels have been found in almost
every part of the world," he said.
"But I believe they originated on this
continent and passed into the old
world at one of the times when this
and other continents were joined by
the filling up of Bering straits."
This theory of the filling up of
Bering straits was used by the pro-
fessor also in explaining the similar-
ity of structure in animals which
would seem to have been at one time
or other indigenous both to the far
north and the far south. Bears at
one time were supposed to have origi-
nated here, but scientists say now
they lived first in the old countries
and migrated here in one of the eras
when the straits were closed and
made a natural passageway into
the country. The disappearance of
the great prehistoric creatures which
once roamed the earth the professor
attributed to the introduction of new
diseases rather than to an exhaustion
or devolution of type.—Philadelphia

**TRAPPING IS
A DIVERSION
SAYS SPEAKS**

Columbus, Feb. 28.—"You have no
idea," said Game Warden John C.
Speaks, "to what extent the trapping
of fur-bearing animals is carried on in
Ohio. The disappearance of the larger
fur-bearing animals, and fur-bearing
animals generally, in the newer por-
tions of the country has greatly in-
creased the demand for local furs and
there is not a little gain in the work
for the farmer boys and others situated
so as to engage in the business.

Buyers of the big Eastern fur
houses are always making visits to the
state and they soon learn where to
look for the good stocks.

General Speaks says that trapping
as a diversion is one of the most
health inducing that can be tried.
Many residents of the smaller cities
and villages have a few traps that
they keep set and make morning vis-
its to them.

The early morning walk over the
district covered is itself fine exercise,
but the expectancy with which the
trapper goes to his traps is a tonic
that many enjoy and are benefited by.

The skunk is one of the most val-
uable fur-bearing animals that this
state has. In color and fineness of its
fur it is not surpassed by any animal
large or small. Furriers now know
how to handle the hides so that not
a trace of odor remains with the fur
when prepared.

The farmers are now coming to re-
alize, however, that the once de-
spised animal is a friend to agricul-
ture worth cultivating, and they are
raising their voices in the legisla-
ture in favor of laws that will protect him.
This is likely to make skunk furs still
more valuable.

With the muskrat, whose furs are
specially desirable for making fur
caps, it is different.

He is of little service to the farmer
and is a constant menace to dikes and
levees with which the farmers try to
protect their bottom lands from river
inundations—burrowing in them and
making openings for the water to get
through.

which a low limitation of the tax rate is essential. The steps now being taken to those ends would be seriously impeded by any increase in public expenses, especially in official salaries.

The enormous growth in the expenditures of municipalities is an admonition to retrenchment, whether these be considered alone or in comparison with increases in population. In the five cities which would be affected by the bill the figures for the past ten years are as follows:

	Inc. In Pop. P.C.	Inc. In Tax P.C.
Cleveland	48.9	92
Cincinnati	11.3	43
Columbus	44.5	115
Toledo	27.8	53
Dayton	36.6	42

"But without regard to existing public exigencies, the proposed increase in the pay of election boards and their clerks cannot, in my judgment, be justified. Their present compensation is ample in view both of the service they render and the time it takes and of the compensation other officials receive. Taking Cleveland for example, the present compensation authorized for each member of the board is \$432 per year and for the clerk \$255, and these amounts will be largely swelled, as I am informed, by the increase in wards and precincts which must shortly be made. The members would now receive, under the bill, more than \$3000 each and the clerk more than \$5000 per year, to be still further increased as new precincts are formed.

"I always reach with reluctance conclusions adverse to yours, but in this case I must return the bill unapproved to the senate.

"LEVY" TENDERED EXCELLENT OFFER

Zanesville, Feb. 28.—The B. & O. basketball team will meet the champion Newark Y. M. C. A. five at the local armory Wednesday evening. The contest promises to be of much interest locally, and the followers of the sport will be given a rare treat. Livingston, the star player of this section of Ohio, is with Newark. He refused the magnificent offer of \$350 a month from the Homestead, Pa., team. There will be a preliminary game.

SKIN AFFECTIONS

WHETHER ON INFANT OR GROWN PERSON, CURED BY ZEMO AND ZEMO SOAP.

AN UNUSUAL OFFER.

The T. J. Evans Drug Store says to every person, be it man, woman or child, who has an irritated, tender or itching skin, to come to our store and procure a bottle of ZEMO and a cake of ZEMO soap, and if you are not entirely satisfied with results come back and get your money. So confident are we of the efficacy of this clean, simple treatment that we make you this unusual offer.

ZEMO is a clear liquid for external use that has cured so many cases of eczema, pimples, dandruff and other forms of skin eruption. ZEMO and ZEMO soap are the most economical as well as the cleanest and most effective treatment for affections of the skin or scalp, whether on infant, or grown person.

The Word "Fudge."

"Fudge" is a word with a history. There are prosaic etymologists, as there always are, who derive it from a Gaelic word meaning deception, but Isaac Disraeli's view is much more interesting. He derives it from a certain Captain Fudge, who seems to have been a marine Munchausen. "You fudge it" is said to have been his crew's equivalent to the modern "Rats!" In a collection of some papers of William Crouch, the Quaker, published in 1712 it is recorded that one Degory Marshall informed Crouch that "in the year 1664 we were sentenced for banishment to Jamaica by Judges Hyde and Twisden, and our number was fifty-five. We were put on board the ship Black Eagle. The master's name was Fudge, by some called Lying Fudge."—London Standard.

The Leipzig Book Fair.

Leipzig is the largest publication center in the world. More books and periodicals are printed there than anywhere else, and more people are engaged in making and using printers' supplies than in London, New York, Berlin or Paris. Many of the orders for these publications come from England, France, Austria and other countries because the mechanical work can be done in Leipzig much cheaper than elsewhere. More than half of the transactions in books take place at the Leipzig book fair, which occurs every year at the jubilee, the first week in Easter, when booksellers and publishers from all parts of Germany assemble to compare and balance accounts and to make contracts for the next year.

SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—he said it was no good and wanted me to try something else, but knowing all about it I insisted and I finally got it, and I am so glad I did, for it has cured me.

"I know of so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound that I can say to every suffering woman that medicine does not help her, there is nothing that will."—Mrs. JANETZKI, 2903 Arch St., Chicago, Ill.

This is the age of substitution, and women who want a cure should insist upon Lydia E. Pinkham's Vegetable Compound just as this woman did, and not accept something else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

NEW CASTLE JUDGE REDUCES SALOONS

Judge W. E. Porter has just concluded at New Castle the ten days' hearing on the application of thirty-nine restaurant and hotel-keepers, wholesale liquor dealers and brewers who desire licenses to sell liquors and beer in Lawrence county, Pennsylvania, from April 1, 1911, to April 1, 1912.

Almost 90 per cent of all the voters in New Castle and the entire county and more than 80 per cent of all the women of the county have petitioned the court to refuse the licenses. Judge Porter will hand down his decision on March 6, and if New Castle and Lawrence county go dry it will be the only county outside of Mifflin county to enjoy such a distinction in Pennsylvania. Judge Porter has reduced the saloons fully 75 per cent in his term.

Restful Sleep Restored

"Duffy's Pure Malt Whiskey is far superior to all else as a strengthener and health builder for the aged, weak and sickly," says Mr. D. F. Sibert, 81 years of age but hale and hearty.

He writes: "I am 81 years old and have suffered a great deal with indigestion and kidney trouble. These troubles were entirely overcome by Duffy's Pure Malt Whiskey. It also induces sleep. I find Duffy's Pure Malt Whiskey far superior to all else, and while I am greatly opposed to taking spirits as thousands do, I will always use Duffy's Pure Malt Whiskey, be benefited and attain a clear conscience by taking it as a medicine as prescribed." D. F. Sibert, Scotland, Archer Co., Texas.

Duffy's Pure Malt Whiskey as a renewer of youth and tonic stimulant is one of the greatest strength-givers known to science. It is a wonderful remedy in the prevention and cure of consumption, pneumonia, gripe, bronchitis, coughs, colds, asthma, malaria, low fevers, stomach troubles and all wasting, weakened conditions, taken in time and as directed.

All druggists, grocers and dealers, or direct, \$1.00 a large bottle. Refuse substitutes and imitations; they are impure and dangerous. Send for medical booklet and doctor's advice, both sent free.

POTASH BEDS IN UNITED STATES RIVAL GERMANY

Washington, Feb. 28.—Portions of the arid regions of the western territory of the United States present conditions favorable to the discovery of large bodies of potash salts, comparable even to those of Germany, according to a bulletin which has just been issued by the Geological Survey. This information comes opportunely and its value is emphasized by the pending controversy arising over the German salt law on potash, which now is the subject of diplomatic negotiation between the United States and Germany. The latter country, it has been declared, has a world monopoly on the known deposits of potash and the United States is her chief customer.

The geologists of the Survey express the belief that potash, whose principal value lies in its use as a fertilizer, will be found in large quantities in the regions east of the Rocky Mountain wall and the great basin region. The Survey already has accumulated considerable data on the matter covering a period of many years incidental to the examination of the structure of the country. If Congress passes the pending appropriation for the purpose, the survey will continue the investigation.

Potash is one of the most widely distributed of the minerals, the bulletin declares, the earth's crust containing 2 per cent of the salt. It is found in all earth and nearly all rocks, especially the granites and other felsitic rocks. Of such rocks there are millions, if not billions, of tons distributed over the United States. It is pointed out that the chief difficulty lies in the fact that salts are locked up by nature and will require exploration to discover them.

The Griggs Store

IMPROVEMENTS ON THE ARCADE NOW UNDER WAY

Workmen are now busy in the basement of the Arcade (Third street entrance) making a finished basement salesroom for the Citizens 5, 10 and 25 cent store, which will occupy the space as soon after April 1st as the room can be made ready. When the space now occupied by the Meridith Brothers is vacated that room will be remodeled for use of the 5, 10 and 25 cent store. A new front is to be put in on Third street and many improvements will be made upon the interior of the store.

Within a few days connection will be made between the Arcade room No. 19 and the new room facing the alley that intersects the Arcade. This new room occupies the space formerly used for Orinum theatre dressing rooms which are now located upon the second story that was recently constructed. This double room facing both the Arcade and the new Telephone building has been leased by the Morse Optical company which will take possession next month.

The National Cash Register company now in room No. 19 goes into room No. 21 which is twice as large as its present quarters, the N. C. R. having secured a long lease on that room. The manager, Mr. George C. Vail, who has had offices in Mt. Vernon and Newark, will combine the two and will bring his family to Newark to reside.

A short time ago the Singer Sewing Machine company secured an extended lease on Arcade room No. 15 and at the same time rented one of the new rooms in the telephone building which adjoins the Arcade. This change which gives the Singer company more room, was accompanied by reducing the Singer company's frontage to 18 feet. The remaining space has been made into a small room, the same width as the Western Union Telegraph office opposite and this room will be occupied soon by a fruit store.

Contractor L. A. Stare is preparing to complete his work in the Newark Telephone company's new office, 12 Arcade, in March. The floor and wainscoting will be made of marble. In the office which connects with the new building on the south will be located four long distance booths and the cashier's office. Manager Hollander says the new Automatic equipment in the new building will be in operation by May 1st.

Wilbur E. Rider has made a Taxicab office out of what was formerly a janitor's office at the east end of the Arcade. Mr. Rider has a man in charge of this office all night and he has changed the name of his line to the Arcade Taxicabs.

Charles D. Lake, the liverman, is preparing to erect a barn this spring and upon completion of the same will vacate the Gregory property which, located just south of the Newark Telephone company's new building, was purchased a few months ago by the Arcade Realty company. This building will be remodeled and made into a business structure, the plans for which are not as yet completed.

The old frame building opposite this property, a car of the American-Tribune buildings is also to be torn down and give way to a two story brick building with three ground floor store rooms.

HOLOPHANE CO. HAS REFITTED PARK LUXOLABRA

The Holophane company has completely refitted all the Luxolabra which are placed around the court house park. These 14 foot stands proved most satisfactory to the company.

When the lights were first placed they were fitted successively with

Every Woman Try This.

DRAINED POISON

ZANESVILLE WOMAN COMMITTS SUICIDE IN PUBLIC WAITING ROOM.

Leaves Letter Telling Why She Committed Act and Also One to a Gambler and Another to Actor.

Zanesville, O., Feb. 28.—Mrs. Ethel Rice, 23 years old, killed herself in a dramatic manner at 5 o'clock last evening, when she drained a bottle of poison in the street railway waiting room in the presence of nearly 200 persons who were on their way home from work. She died in five minutes. In her pocketbook were found three letters, one of which is as follows:

"To whom it may concern: I am driven to this; am not in my right mind and do not care to live. Let other young girls take warning and do not let a gambler drag you down to his level. Please take good care of my darling baby and do not teach him to hate his mother, for she is reaping the harvest of her sins. I love my baby and cannot have him, so I must die. Ethel."

One of the other letters was addressed to the "gambler" and the third to a member of a local stock company. The contents of these letters are withheld by Coroner Walters.

FRECKLES GONE

"Simple Remedy from W. A. Erman & Son Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, ointment—double strength, that I bought at W. A. Erman & Son's, which cleared my skin and gave me a fine complexion."

The action of ointment is really remarkable, for when applied at night many of the freckles disappear entirely by morning and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask W. A. Erman & Son for the double strength ointment, as this is sold under a guarantee of money back if it fails to remove the freckles.

OFFICER BURKE ARRIVES WITH HIS PRISONER

James Marlow of Zanesville Lodged in City Prison of First Degree Murder Charge.

James Marlow, alias John Marlow, the latter name appearing in the warrant for arrest taken to Zanesville by Officer C. O. Burke, was brought to Newark at 12 o'clock Monday afternoon and lodged in the city prison, and will later be removed to the county jail, where he will be kept to answer to a charge of murder in the first degree in connection with the Eberhagen lynching.

Officer Burke, in connection with Plain Clothes Officer Freeman of the Zanesville force, after a little difficulty, rounded up Marlow in a saloon and he made no resistance to the service of the warrant and submitted quietly to arrest.

He was handcuffed and brought to Newark by Officer Burke without difficulty. Marlow has been several times arrested at Zanesville on minor charges, such as drunkenness and fighting and he has also been suspected of bootlegging in the Clay City.

Upon his arrival at the city prison at Zanesville yesterday afternoon, Marlow filed a charge of assault and battery against Harry "Nick" Miller. Marlow alleges that Miller assaulted him in the morning. Miller was released from the Columbus jail a short time ago, where he was held by the state authorities on a charge of attempting to rob the postoffice at Titus.

Marlow is a man 33 years of age, is single, and has a mother living at Zanesville.

BAD STREET IS CAUSED BY LEAK IN OHIO CANAL

Service Director Wm. C. Christian said this morning that in regard to the bad condition of West Jefferson street, that the trouble there was owing to a leak in the Ohio canal, which his department had tried on several occasions to have fixed by the State Board of Public Works, without success thus far. He said further that he had endeavored to have this water carried off through the private sewer running from the Smith shoe factory and such an arrangement might yet be made.

As far as petitions from taxpayers being filed in his office praying for the improvement of such street, no such petitions had been filed, but there had been some complaints. This is not at all unique, as there are 14 miles of streets in Newark that need repairing, some of it just as badly as the street in question.

When the weather settles and work can be done to an advantage on the Newark streets, it will be done as equitably as possible, but in the opinion of the service director, in which he is borne out by contractors and other men who know about this kind of work, it would be childish folly to put in repairs at this time, or to do all the work on a few streets at the expense of others.

How to Gain Flesh.

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months, one or two grain hypodermic tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting assimilation and absorption of the elements in the food which go to make blood and solid tissues. They are obtainable in sealed packages from physicians and well stocked apothecary shops.

Blackburn's Pain-Away-Pills relieve, severe headache, neuralgia, etc. All druggists.

TRIED HIS OWN CASE IN COURT

Novel Proceeding When Defendant Charged With Non-Support Attempts His Own Defense.

A very novel proceeding took place in the Common Pleas court Tuesday, at the trial of the case of the State of Ohio against Albert Lewis, who was under indictment, charged with non-support of an infant. When the case was called for trial the court inquired of the defendant if he had a lawyer, when the young man said he desired the privilege of trying his own case, which was granted. Attorney B. G. Smythe prosecuted the case on behalf of the state. The defendant conducted the examination of witnesses himself, was a witness in his own behalf and also made a speech to the jury and put up a very good argument. The jury returned a verdict after being out only a few minutes, finding the defendant guilty as charged. The court gave the defendant an opportunity to escape sentence by allowing him to furnish bond for the support of the child. The court gave him until Saturday to decide the matter.

Coffee Lovers

Golden Sun Coffee is put up in Five different Blends, a Flavor to suit each of the five great coffee tastes.

Ask your grocer to show you the five different packages and the Golden Sun Table of Tastes and choose the Flavor that makes your best cup of coffee.

Golden Sun Coffee is perfectly ripened, roasted and blended, and hermetically sealed at the right moment after roasting to preserve for your table all the rich, volatile oil of the coffee berry.

No other standard, high-grade coffee is put up in different Blends to suit the different Coffee Tastes. Have your grocer show you, or send you, the Golden Sun Table of Tastes today.
